Overcome Accessibility Barriers with VESTNER

Commercial Platform Lifts and Elevators

Vestner's range of platform lifts and elevators are an ideal lift choice for providing an access solution for commercial buildings, educational facilities and retail premises.

Whether it is to meet the access needs of a staff member or student, or to provide public access, particularly where stairs are expected to carry most of the traffic, a platform lift or elevator may be the right choice.

- Suitable for indoor and outdoor settings.
- Limited site preparation - easy installation.
- Range of models suitable for rises up to 4m.
- Bring your building up to code.
- New Zealand designed and manufactured by disability access specialists.

Vestner's series of lifts and elevators are a safe and cost effective solution in overcoming accessibility barriers in the commercial environment.

Safety and Compliance

Designed to overcome accessibility barriers with client's needs and **safety** foremost, the lift series meet **compliance** requirements and New Zealand disability codes and recommendations.

Lifts have been certified for Access Equipment Safety and Structural Engineering Compliance by independent certifiers and are compliant with the relevant Building Codes.

Lifts have been issued with a Certificate of Plant Design Registration by WorkCover NSW Government.

NZ & AU STANDARDS AND BUILDING CODE COMPLIANT LIFTS
